County Waste Resources Department to provide free Green Landscaping Class Saturday

The Department of Waste Resources is excited to offer a free class to Riverside County residents on green landscaping. This presentation will be offered online on Saturday (August 26) from 9 - 10 a.m. Attendance is free and the class can be accessed on any computer, tablet or smartphone.

Green landscaping, also referred to as sustainable landscaping, is an easy and cost-efficient way to be more environmentally friendly. Learn the importance of using Riverside County's native plants in landscape designs. Consider various ways to implement water conservation, this class answers questions about closing the loop on green waste and utilizing green space efficiently. Green landscapes are helpful for residents and businesses alike. Join Riverside County Waste Resources to learn strategies to practice a sustainable lifestyle in the garden. Attendees will receive Riverside County-specific resources and valuable links to implement a green landscape. Visit www.rcwaste.org/classes for the link to the virtual class and additional resources.

The Department of Waste Resources offers a variety of FREE environmental education classes related to waste reduction and sustainability. Class instructors provide attendees with professional learning and resources for instructional materials.

For more information, call a recycling specialist at 951-486-3200 or email us at Wastecommunityoutreach@rivco.org
