County waste department to host 4th Annual RivCo Recycles Community Summit on Saturday, November 18

County waste department invites residents and businesses to learn about updates in waste legislation, free resources in your community, and what you can do to make Riverside County more sustainable, all from the comfort of your home! On Saturday, November 18, the Riverside County Department of Waste Resources will host the 4th Annual RivCo Recycles Community Summit, a free virtual conference, from 10:00 am – 1:00 pm. The conference can be accessed virtually through our website: <https://rcwaste.org/rivco-recycles-summit>.

This year we will learn about local sustainability and environmental programs implemented by University of California Riverside – Green Campus Action Plan, La Sierra High School's recycling program, Repeat Reuse, Bye Bye Mattress, the Center for Community Action and Environmental Justice, and our own Riverside County Department of Waste Resources. All attendees at the summit will be automatically entered into a prize drawing. Three (3) lucky attendees will win a swag bag of sustainable and reusable goodies.

The Department of Waste Resources offers a variety of FREE environmental education classes related to waste reduction and sustainability. Class instructors provide attendees with professional learning and instructional materials that demonstrate environmental diversion themes such as

composting, recycling, and green cleaning. For more information, call (951) 486-3200 or visit <https://rcwaste.org/rivco-recycles-summit>
