

2023 Riverside-Unincorporated Electronic Annual Report summary

This Annual Report Summary is an official record of your CalRecycle Electronic Annual Report submission, except for your Venue/Event section information, which is contained in a separate report.

You may reach that section from the Electronic Annual Report's left navigation bar. Before submitting your report to CalRecycle, please take the time to review everything on this page to confirm it is complete and correct. If you need to modify some information, close this window to return to the Electronic Annual Report to make your corrections. Then, preview the report again.

Procurement: Riverside-Unincorporated (2023)

Recovered Organic Waste Product Procurement (SLCP)

Jurisdiction name	Procurement target	Annual procurement	Adjusted Procurement target
Riverside-Unincorporated	31,192	9,357.60	0.00

Recovered Organic Waste Product Procured (SLCP)

Jurisdiction name	Renewable gas in the form of transportation fuel (DGE)	Electricity from renewable gas (kWh)	Renewable gas used for heating applications (therms)	Electricity from biomass conversion (kWh)	Compost (cubic yards)	Compost (tons)	Mulch (tons)
Riverside-Unincorporated	0.00	6,082,440.00	0.00	0.00	0.00	0.00	0.00

Jurisdiction name	Additional description
Riverside-Unincorporated	Electricity from biomass conversion credit through Desert View Power Inc.

Adjusted Recovered Organic Waste Product Procured (SLCP)

Jurisdiction name	Did the jurisdiction implement an Adjusted Recovered Organic Waste Product Procurement Target?	Transportation fuel (DGE)	Electricity (kWh)	Gas used for heating applications (therms)
Riverside-Unincorporated	No			

Jurisdiction name	Additional description
Riverside-Unincorporated	

Recycled Product Procurement (Combined)

- Compost
- Mulch
- Renewable transportation fuel (from organic waste)
- Energy (from organic waste)
- Renewable gas in the form of transportation fuel
- Electricity from renewable gas
- Renewable gas used for heating applications
- Electricity from biomass conversion
- Recycled-content paper (janitorial supplies, paper towels, etc.)
- Recycled-content paper (white & colored ledger, computer paper, other office paper, etc.)
- Re-refined oil
- Re-treaded tires
- Pavement surfacing (RAC, recycled aggregate)
- Recycled-content paint
- Other procurement

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 1030-SR-PMT Procurement	<p>Riverside County departments abide by the Environmental Purchasing Policy, (BOS Policy #A-64, dated February 3, 2009). The Environmental Purchasing Policy serves as a purchasing guide for the following: Recycled content products, less harmful and non-toxic materials and processes, energy and water saving products and processes, natural resource and landscaping management services, sustainable products, disposal and pollution reduction and packaging.</p> <p>In 2021, the Department discontinued the toner recycling program and contracted with Staples, which allows individual departments several options to properly dispose of their used ink and toner cartridges. This contract also allows departments to purchase recycled toner cartridges.</p> <p>In 2021, the Department discontinued the battery recycling program. Resources for battery and toner recycling are provided on our online waste guide www.rcwaste.org. The Department is unable to collect specific tonnage from individual contractors.</p> <p>Paint and other reusable products, collected from county residents through the countywide Household Hazardous Waste (HHW) collection program, are made available to the public for free at five Drop and Shop stores (located at PHHWCF and Badlands landfill). Reusable paint from the RCDWR's HHW program is utilized by Riverside County and cities for programs such as graffiti abatement; however, no departments or cities participated in this offer in 2023.?</p>

Edible Food: Riverside-Unincorporated (2023)

Edible Food Recovery (SLCP)

Commercial Programs: Riverside-Unincorporated (2023)

Material Types Collected (Combined)

Paper

- Uncoated corrugated cardboard
- Paper grocery bags
- Other paper bags/kraft paper
- Newspaper
- Office paper (white & colored ledger, computer paper, other office paper)
- Magazines and catalogs
- Folding cartons and other paperboard packaging
- Other recyclable paper (describe in box below)
- Miscellaneous paper packaging (describe in box below)
- Aseptic containers
- Gable-top cartons
- Compostable paper - non-packaging
- Compostable paper - packaging
- Remainder/compost paper - other (describe in box below)

Landscape materials

- Leaves and grass
- Prunings and trimmings
- Branches and stumps

Building products

- Clean dimensional lumber
- Clean engineered wood
- Clean pallets and crates
- Wood waste - treated/painted/stained
- Other recyclable wood (describe in box below)
- Remainder/composite organic (describe in box below)

Food

- Foodwaste
- Food soiled paper

Glass

- Glass

Metal

- Aluminum
- Tin/Steel

Plastic

- Plastic #1 - PET
- Plastic #2 - HDPE
- Plastic #3 - PVC
- Plastic #4 - LDPE
- Plastic #5 - PP
- Plastic #6 - PS
- Plastic #7 - Other
- Expanded or foamed plastic (any resin type)
- Film plastic (any resin type)

Additional materials

- Manure
- Biosolids
- Digestate
- Sludges
- Organic textiles and carpet
- Other materials (describe in box below)

Describe Material(s):

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 1020-SR-BWR Business Waste Reduction Program	<p>In 2023, RCDWR provided virtual assistance for businesses to improve diversion rates and comply with environmental policies. Virtual assistance includes e-flyers, e-brochures, social media, RCDWR Website, and recycling hotline. RCDWR's website also consists of a comprehensive waste guide and a list of local food recovery agencies developed by the Riverside County Department of Environmental Health (RCDEH). RCDWR staff provide businesses with information of solid waste regulations that affect their operations like AB 341, AB 1826, SB 1383, and AB 827 mandates. Staff considers a business' waste stream and provides information and on source reduction, recycling resources, food waste reduction, organics recycling service, on-site composting/vermicomposting, donations, and green waste diversion. In November 2023, RCDWR hosted the 4th Annual RivCo Recycles Community Summit. The summit united individuals, neighborhoods, local businesses, and organizations to transform ideas into actionable change.</p>
<input checked="" type="checkbox"/> 1040-SR-SCH School Source Reduction Programs	<p>The Riverside County Department of Waste Resources (RCDWR) supports school source reduction efforts through environmental workshops, compost bin donations, and school garden composting assistance. In 2023, RCDWR completed 21 school outreach activities including composting/vermicomposting presentations, exhibitor tables, and landfill tours. Additionally, RCDWR launched a pilot school recycling program to help K-12 schools comply with Mandatory Commercial Recycling AB 341. During 2023, 183 recycling receptacles were distributed to schools along with useful tips and information for developing their recycling program. RCDWR has multiple online school resources such as on-demand YouTube video classes and social media content about organics and commercial recycling. RCDWR also lists local green waste processors on our website for schools that self-haul green waste off-site. In November 2023, RCDWR hosted the 4th Annual RivCo Recycles Community Summit, which featured virtual presentations from partners UC Riverside and La Sierra High School. La Sierra's Recycling Club was also featured on our website and social media platforms, showcasing their successful waste reduction efforts. School outreach information is included in 5020-ED-OUT.</p>

<input checked="" type="checkbox"/> 1050-SR-GOV Government Source Reduction Programs	<p>Riverside County Board Policy H-29, Sustainable Building Policy was approved by the Board of Supervisors on February 10, 2009. This policy establishes the use of sustainable building practices in the design of county capital improvement projects to reduce pollution, protect natural resources, enhance asset value, optimize building performance, and create healthier workplaces for county employees. The Sustainable Building Policy has multiple source reduction strategies like: extensive use of non-toxic and/or recycled-content building materials, use of certified sustainable wood products, incorporation of recycling facilities, and recycling of construction and demolition waste. In an effort to increase recycling at County facilities, Riverside County Department of Waste Resources (RCDWR) utilized City/County Payment Program funding to promote the use of deskside recycling containers. Details regarding this program are located in 2060-RC-GOV.</p> <p>The Department and main county administrative offices have refillable hydration water stations to promote reuse and limit the waste from single-use water bottles. Many county services are also offered to residents online for ease of use which subsequently lessens paper generation. RCDWR continues to serve as a model for many source reduction efforts that are adopted countywide. The RCDWR implemented the H-29 Riverside County Sustainable Building Policy to increase water conservation, reduce waste, and reduce overall energy consumption, which is overseen by a designated staff person.</p> <p>RCDWR implements on-site composting and vermicomposting that utilizes employee food scrap waste in addition to centralized recycling bins and deskside recycling bins. The RCDWR Purchasing team continues to purchase recycled paper. The RCDWR also has eliminated single use paper plates, cups, and utensils, opting for reusables. RCDWR has utilized the County's previous Furniture Surplus program to furnish landfill and Permanent HHW offices. The RCDWR General Manager-Chief Engineer is able to approve usable items to be salvaged from the County landfills to be utilized for reuse. In 2023, the Department continued its development of the Found it Again Reuse Store, a one-stop shopping experience where residents can buy affordable used products (removed from the incoming waste stream by Department staff).</p>
<input checked="" type="checkbox"/> 2030-RC-OSP Commercial On-Site Pickup	<p>Waste haulers continue to collect refuse and recycling in Riverside County. There are four (4) franchise waste haulers within unincorporated Riverside County (Burrtec, CR&R, Desert Valley Disposal, and Waste Management, Inc.). (Backup under 2023 EAR – Refuse Hauler Recycling Data)</p>
<input checked="" type="checkbox"/> 2060-RC-GOV Government Recycling Programs	<p>RCDWR utilizes City/County Payment Program funding to purchase indoor and outdoor waste/recycling/organic containers for County facilities. Marketed as RivCo Recycles, this program provides the containers that promote and provide access to recycling for employees and residents. In 2023, RCDWR purchased and distributed; 75 deskside bins, 8 Brute, and 7 Concrete bins. Another part of this program is having Recycling Ambassadors in each department that provide a point of contact for employees and to disseminate monthly Waste Wednesday newsletter through email messages that provide information on recycling events and other related waste reduction programs.</p>

<input checked="" type="checkbox"/> 3030-CM-CSG Commercial Self-Haul Greenwaste	<p>The Riverside County Department of Waste Resources (RCDWR) continues to encourage businesses to recycle their green waste by providing educational materials on green waste recycling benefits and a list of local green waste recycling facilities. These lists are provided at the landfill gates and offered to business arriving with a load of green waste and are provided on RCDWR's website online Waste Guide. In 2023, a \$12.27/ton green waste surcharge at landfills was in effect as an economic disincentive to landfilling green waste. The County promotes the use of its County staffed compost facility located within the Lamb Canyon Landfill and clean material with <1% contamination is accepted at \$44.75/ton for on-site composting. We refer residents to green/wood waste facilities on our website waste guide. Agua Mansa MRF facility also recycles green waste and food waste since 2010. The facility is operated by Burrtec on property leased from RCDWR.</p>
<input checked="" type="checkbox"/> 3035-CM-COR Commercial Organics Recycling	<p>There are four (4) franchise waste haulers within unincorporated Riverside County (Burrtec, CR&R, Desert Valley Disposal, and Waste Management, Inc.). (Backup under 2023 EAR – Refuse Hauler Recycling Data)</p>
<input checked="" type="checkbox"/> 3040-CM-FWC Food Waste Composting	<p>The RCDWR encourages businesses, residents, and schools county-wide to recycle their food waste by providing educational information. Details regarding electronic education, print education, and electronic outreach are located in 5000-ED-ELC, 5010-ED-PRN, and 5020-ED-OUT, respectively. The following sites process compost materials: Coachella Valley Compost (privately operated), Robert A Nelson Transfer Station (privately operated), Lamb Canyon Composting Facility (RCDWR staffed) and Edom Hill Compost (privately operated). The Lamb Canyon Composting Facility did not accept any food waste in 2023.</p>
<input checked="" type="checkbox"/> 3050-CM-SCH School Composting Programs	<p>The Riverside County Department of Waste Resources (RCDWR) staff provided 6 composting and vermicomposting presentations to schools virtually and in person. RCDWR donates free compost bins to local schools with gardens and schools that wish to start a sustainable recycling program in the classroom. RCDWR donated 1 compost bin and 2 worm bin kits to schools with gardens in 2023 (La Sierra High School, Palm Middle School). RCDWR staff set up the bins and presented composting information to educate staff and students about green waste and food waste diversion. Details regarding electronic education, print education, and electronic outreach are in 5000-ED-ELC, 5010-ED-PRN, and 5020-ED-OUT, respectively.</p>
<input checked="" type="checkbox"/> 3060-CM-GOV Government Composting Programs	<p>RCDWR performs legislative review to determine impacts on organics collection and processing.</p>

Residential Programs: Riverside-Unincorporated (2023)

Material Types Collected (Combined)

Paper

- Uncoated corrugated cardboard
- Paper grocery bags

Used Motor Oil, White goods

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 1010-SR-BCM Backyard and On-Site Composting/Mulching	<p>The Riverside County Department of Waste Resources (RCDWR) teaches residents about home composting and vermicomposting through information on website rcwaste.org, which includes recorded videos (also available on YouTube), and downloadable pdfs, as well as informational graphics/short-form videos on social media platforms (Instagram, Facebook, TikTok, Twitter/X), in-person classes, and virtual/in-person presentations. Scheduled classes for 2023 were held in person at Department HQ outdoor Resource Garden in Moreno Valley. The RCDWR continues to recommend use of mulch in conditions of approval. The Department also implements on-site composting at the department headquarters and at the Lamb Canyon Landfill. RCDWR utilizes mulch in landscaping and erosion control at department facilities. Outreach events and attendee information is included in 5020-ED-OUT.</p>
<input checked="" type="checkbox"/> 1060-SR-MTE Material Exchange, Thrift Shops	<p>The RCDWR operates five (5) Drop N Shops at the following locations: Agua Mansa Permanent Household Hazardous Waste Collection Facility (PHHWCF), Palm Springs PHHWCF, Badlands Landfill Antifreeze, Battery, Oil and Paint Facility (ABOP), Lamb Canyon Landfill PHHWCF and Lake Elsinore PHHWCF. These reuse centers allow residents to pick up good reusable material that is brought into the PHHWCF's and THHWCF's at no cost. PHHWCF Drop and Shop centers also distribute a small amount of material to the public for reuse. For 2023, 6.5 tons of materials was distributed for reuse through the Department Drop N Shops.</p>
<input checked="" type="checkbox"/> 2000-RC-CRB Residential Curbside	<p>The County franchise hauler system continues to provide refuse collection and recycling service in the Unincorporated County. There are four (4) franchise waste haulers within the unincorporated Riverside County (Burrtec, CR&R, Desert Valley Disposal, and Waste Management, Inc.). (Backup under 2023 EAR – Refuse Hauler Recycling Data)</p>
<input checked="" type="checkbox"/> 2010-RC-DRP Residential Drop-Off	<p>Riverside County residents can utilize Riverside County landfills to drop off accepted recyclables.</p>
<input checked="" type="checkbox"/> 2020-RC-BYB Residential Buy-Back	<p>There are buy back centers located in the Riverside incorporated county.</p>
<input checked="" type="checkbox"/> 3000-CM-RCG Residential Curbside Greenwaste Collection	<p>There are four (4) franchise waste haulers within unincorporated Riverside County (Burrtec, CR&R, Desert Valley Disposal, and Waste Management, Inc.). (Backup under 2023 EAR – Refuse Hauler Recycling Data)</p>
<input checked="" type="checkbox"/> 3010-CM-RSG Residential Self-haul Greenwaste	<p>1,903.76 tons of Residential Self-haul Greenwaste material was diverted from landfilling through the Lamb Canyon Landfill Compost Facility.</p>

Education and Outreach: Riverside-Unincorporated (2023)

SLCP, MCR, MORE, and SRRE/HHWE Education and Outreach (combined)

Jurisdiction Name	Low Population Waiver	Elevation waiver
Riverside-Unincorporated	<input type="checkbox"/>	<input type="checkbox"/>

What type of education and outreach were provided to all generators, including organic waste generators, and how many generators received each type of education and outreach? (Includes education and outreach for SLCP, MORE, MCR, and SRRE/HHWE) Select all that apply.								
Jurisdiction Name	Print	Number of generators that received SLCP material	Electronic	Number of generators that received SLCP material	Direct contact	Number of generators that received SLCP material	Other	Number of generators that received SLCP material
Riverside-Unincorporated	<input checked="" type="checkbox"/>	46,834	<input checked="" type="checkbox"/>	29	<input checked="" type="checkbox"/>	1,747	<input checked="" type="checkbox"/>	7,534

Jurisdiction Name	Describe SLCP, MCR, MORE, and SRRE/HHWE education and outreach
Riverside-Unincorporated	Riverside County attended over 100 events during 2023, these include classes offered by the Department, requested presentations (school, library, organizations), landfill tours, and Community Events. At classes and presentations, staff present information on waste characterization and new regulations such as SB 1383. At all activities, staff and volunteers are available to answer questions from both residents and businesses about SLCP, MCR and MORE. RCDWR tracks the number of outreach events and estimated participants.

Commercial Edible Food Generators Education and Outreach (SLCP)

What type of education and outreach were provided to commercial edible food generators and how many generators received each type of education and outreach? Select all that apply.

Jurisdiction Name	Print	Number of edible food generators that received material	Electronic	Number of edible food generators that received material	Direct contact	Number of edible food generators that received material	Other	Number of edible food generators that received material
Riverside-Unincorporated	<input type="checkbox"/>		<input checked="" type="checkbox"/>	40	<input checked="" type="checkbox"/>	40	<input type="checkbox"/>	

Jurisdiction Name	Describe education and outreach selected
Riverside-Unincorporated	All education was provided during time of inspection for the Tier1 and Tier2 facilities. The facility was also sent the electronic brochure with the inspection report. Additional resources information are provided on the Riverside County Department of Environmental Health website at www.rivcoeh.org .

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 5000-ED-ELC Electronic (radio ,TV, web, hotlines)	<p>RCDWR provides information through social media, the RCDWR website rcwaste.org, the HHW and recycling hotlines, electronic newsletters, and electronic press releases. In 2023, RCDWR published daily social media posts (Instagram, Facebook, Twitter) and weekly short videos (Instagram, TikTok) to advertise department events and classes. Social media is also utilized to promote educational messages related to waste reduction, recycling, and sustainability. RCDWR’s social media highlights include a viral Instagram Reel featuring step-by-step instructions on building an Olla, including the history and benefits of the ancient irrigation system. Other standout short videos include the 12 Days of Christmas TikTok series which covered zero-waste gift ideas and wrapping paper alternatives. The RCDWR website also includes access to virtual live classes and on-demand classes such as composting, vermicomposting, green home topics (green cleaning, green gardening, making your home zero waste, green landscaping, and green wardrobe), recycling, food waste-food rescue, intro to environmental justice, and intro to climate change. On-demand classes are typically available in English and Spanish. In 2023, RCDWR published 451 Facebook posts, 468 Twitter posts, 499 Instagram posts, and 92 TikTok posts on waste reduction, environmental policies, recycling, composting, community events, and more. Across all platforms, a total of 150 videos were published focusing on source reduction themes such as HHW diversion and reducing house and food waste. In 2023, the department had 175,056 webpage views. Many calls to the recorded hotlines: 2,284 HHW hotline calls and 281 recycling hotline calls. The department composed and submitted 61 press releases.</p>
<input checked="" type="checkbox"/> 5010-ED-PRN Print (brochures, flyers, guides, news articles)	<p>The RCDWR utilizes electronic media (i.e., social media and its website) for program promotion whenever possible to source reduce paper printed materials.</p> <p>Print media was used to promote the outreach calendar of our programs, instructional literature for classes, and events; Household Hazardous Waste (HHW) information and collection events; and material related to other RCDWR programs (available in the backup documentation). All printed materials, public education literature, flyers, etc. are printed on recycled content paper when available. Most print media is available in English and Spanish.</p> <p>Local community newspapers and community program guides are used whenever possible. Press releases were also distributed through the County's Executive Office electronically in place of display advertising.</p> <p>RCDWR transitioned print media to electronic media to ensure businesses, residents, and schools still had access to outreach materials.</p>

5020-ED-OUT
Outreach (tech assistance, presentations, awards, fairs, field trips)

The RCDWR participated in 115 various community events, conducted classes and presentations (in-person and virtually, landfill tours, and volunteer and Master Composter trainings. In 2023, RCDWR hosted Backyard Composting, Vermicomposting, and Make-Your-Own Worm Bin hands-on classes. RCDWR also hosted the following classes: the Green Home Series, Food Waste-Food Rescue, Make your home zero waste, Climate Change, and Environmental Justice. Additionally, 10 Lamb Canyon landfill tours were completed. At these events, staff and volunteers are available to answer questions about source reduction programs and waste issues. In January 2023, the Department held its first social media campaign centered on incorporating sustainability and zero waste resolutions during the beginning of the new year. The campaign, titled "Zero Waste Hero," received participation in the form of class attendance and social media engagement. Participants were entered into a raffle and received zero waste prizes, with the grand prize being a worm bin kit. In May 2023, the Department hosted a DIY Olla Workshop encouraging residents to conserve water by reusing clay pots to create a homemade, efficient low tech irrigation system for planters. In June, RCDWR hosted an in-person Kids Summer Recycle Camp, during which kids and their families were about to create zero waste crafts and learn about recycling and repurposing. RCDWR also hosted the 4th annual RivCo Recycles Community Summit in November. The virtual summit educated the public by showcasing practicable solutions industry leaders and community members alike are taking to implement waste reduction and sustainable changes, informing attendees of the existing history of environmental justice in Riverside County, and what they can do to help create a sustainable future in Riverside County. The Department was named a Best Short Form Video finalist for their reel/TikTok showcasing the Olla. The finalist position was awarded by Government Social Media, an LLC that supports public sector social media professionals by hosting national events, facilitating online training and organizing a community of government social media managers across the country. The awards program received over 400 entries. Master Composter trainers, George Podolsky and Mike Perez, received a Certificate of Recognition from San Bernardino County 5th District Supervisor Joe Baca, Jr. for their partnership with the San Bernardino UCCE Master Gardener program to invite them

5030-ED-SCH
Schools (education and curriculum)

The Riverside County Unified School District follows the California Education and the Environment Initiative. The California Education and the Environment Initiative is a statewide effort to make environmental literacy an integral part of K-12 instruction in California. This program provides educators with professional learning and instructional materials that demonstrate how to blend the environment into the teaching of traditional academic subjects such as science, history, and English language arts. One environmental topic covers resource conversation & recycling at all education levels: elementary, middle, and high school levels. To supplement the Education and Environmental Initiative, RCDWR provides a School Resource page on the website and offers schools and districts the option to schedule a recycling specialist to speak about composting, recycling, and food waste reduction. Riverside County schools with a garden can also receive one free composting or vermicomposting bin per year (for up to 2 years or 2 bins of choice). Along with the bin, RCDWR can assign an Outreach Volunteer or staff member to become a school's composting mentor. In 2023, composting mentors were not scheduled to work with the schools to implement and enhance their school garden compost areas. Outreach data is reported in 5020-ED-OUT.

9040-HH-EDP
Education Programs

The RCDWR promotes all HHW Collection Events, environmental classes, and waste reduction programs through social media (Facebook, Instagram, Twitter, TikTok, and YouTube), press releases, event schedule flyers, the RCDWR website, recycling hotline, HHW hotline, community events, and community presentations. The cities also promote the County's programs to their residents. Details of the electronic, print material and outreach programs are located in 5000-ED-ELC, 5010-ED-PRN, and 5020-ED-OUT respectively.

MWELO, CALGreen, C&D, and Other Programs: Riverside-Unincorporated (2023)

MWELO (SLCP)

Jurisdiction Name	Number of projects subject to the Model Water Efficient Landscape Ordinance (MWELO)
Riverside-Unincorporated	1,389

Jurisdiction Name	Additional description
Riverside-Unincorporated	Prior to building permit issuances, projects are required to submit information in regards to their compliance with MWELO. For the calendar year 2023, 1,389 projects were submitted for review.

CALGreen (SLCP)

Jurisdiction Name	Number of construction and demolition debris removal activities conducted in compliance with CALGreen
Riverside-Unincorporated	479

Jurisdiction Name	Additional description
Riverside-Unincorporated	Waste Recycling Plans (WRPs) are required prior to issuance of building/grading permits, and Waste Recycling Reports documenting compliance with the WRPs, are required prior to issuance of occupancy permits. For 2023 there were 479 projects that were compliant with the CalGreen requirements.

Recycling (Combined)

Inerts

- Asphalt Paving
- Brick
- Concrete/cement
- Gypsum Board/drywall
- Rock, soils and fines
- Mixed C + D

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 1000-SR-XGC Xeriscaping/Grasscycling	Riverside County Department of Waste Resources (RCDWR) continues to provide outreach materials to the public through our website and social media, including information on grasscycling and xeriscaping. The Department continues to offer virtual and in-person classes and attendance at Community events. A wide variety of promotional materials continue to be available on our website and YouTube page. County Parks are mowed using low-deck mowers and clippings are left on the turf.
<input checked="" type="checkbox"/> 2070-RC-SNL Special Collection Seasonal (regular)	The Riverside County Department of Waste Resources collected 6.51 tons of Christmas trees for recycling in 2023. Christmas tree collection typically occurs starting December 26th and lasts for two weeks.
<input checked="" type="checkbox"/> 2080-RC-SPE Special Collection Events	The RCDWR collected 983.87 tons of solid waste at 25 Community Clean-ups events held throughout the County. Tires collected through this program are accounted for in 4020-SP-TRS.
<input checked="" type="checkbox"/> 4000-SP-ASH Ash	Program is discontinued.

<input checked="" type="checkbox"/> 4010-SP-SLG Sludge (sewage/industrial)	<p>Land application of Class B sewage sludge is prohibited per County Ordinance 812. On February 18, 2004, the Riverside County Board of Supervisors adopted Ordinance 830, which regulates Class A sewage sludge land application for agricultural activities.</p> <p>Eastern Municipal Water District (EMWD) has five regional water reclamation facilities which treat approximately 46 million gallons of wastewater every day: San Jacinto Valley Regional Water Reclamation Facility, Moreno Valley Regional Water Reclamation Facility, Perris Valley Regional Water Reclamation Facility, Sun City Regional Water Reclamation Facility, and Temecula Valley Regional Water Reclamation Facility. The biosolids generated from EMWD are shipped to La Paz Landfill in Arizona for land application. The total tons shipped to Arizona in 2023 was 58,238 total wet tons or 10,548 total dry tons. EMWD does not accept any food waste for co-digestion.</p> <p>Western Municipal Water District (WMWD) also treats wastewater at the Western Water Recycling Facility (WWRF) and shipped 4,753 dry tons to Arizona Soils and 277.7 tons of biosolids were composted in Nursery Products Hawes Composting Facility, in California. WMWD does not accept any food waste for co-digestion.</p> <p>The Santa Rosa Regional Resources Authority (SRRRA) provides wastewater infrastructure for the southwestern Riverside County region. The Authority is responsible for the collection, transmission, treatment, and disposal of wastewater from its member agencies, relating to flows to the Santa Rosa Water Reclamation Facility (SRWRF) in Murrieta, California. SRRRA sent 333.97 dry metric tons to Arizona Land Application (composting) and 205.36 dry metric tons to California landfill Holloway Environmental in 2023. SRRRA did not send any food waste.</p>
<input checked="" type="checkbox"/> 4020-SP-TRS Tires	<p>The RCDWR continues to collect tires for a fee at three landfills: Badlands, Lamb Canyon, and Blythe. Tires are source-separated and removed from the landfill to an acceptable disposal (e.g. engineered fill) or recycling location. Tires are also collected and subsequently recycled through the Illegal dumping Mop-up And Cleanup Team (IMPACT) and Community Cleanups. Riverside County is also a recipient of Tire Enforcement Grants which are administered by the Code Enforcement Department (administrative only). Tires collected curbside by the haulers are accounted for in 2000-RC-CRB and 2030-RC-OSP.</p>
<input checked="" type="checkbox"/> 4030-SP-WHG White Goods	<p>Tonnage for white goods is included in tonnage reported in Scrap Metal 4040-SP-SCM</p>
<input checked="" type="checkbox"/> 4040-SP-SCM Scrap Metal	<p>RCDWR diverts all self-hauled metallic and appliance materials from landfilling. Riverside County Transportation and Land Management Agency also recycles traffic signs and posts. Scrap Metal tonnage collected for recycling is 1,171.58 tons. (Back-up provided)</p>
<input checked="" type="checkbox"/> 4050-SP-WDW Wood Waste	<p>Wood waste continues to be diverted to green/woody waste recyclers (for processing into mulch and fuel) and to Green Leaf Energy, a biomass-to-energy facility in the Coachella Valley. Tonnage is included in 8010-TR-BIO.</p>

<input checked="" type="checkbox"/> 4060-SP-CAR Concrete/Asphalt/Rubble	<p>The RCDWR used 510.77 tons of tire-derived aggregate (California tires) as part of the TDA Grant awarded to RCDWR. The landfills utilized 1,966.94 tons of material as road base. Waste Recycling Plans (WRPs) are required prior to issuance of building/grading permits, and Waste Recycling Reports documenting compliance with the WRPs, are required prior to issuance of occupancy permits. 32,728 tons were recycled through the WRP process. The Riverside County Department of Transportation and Land Management Agency (TLMA) also utilizes tires in Rubberized Asphalt Concrete (RAC). The quantities for each year have not been broken down by TLMA. Total beneficial reuse tonnage is 35,205.71 tons</p>
<input checked="" type="checkbox"/> 4090-SP-RND Rendering	<p>According to the Riverside County Department of Animal Services, there is no accurate weight amount that can be found or provided; however, the total number of barrels picked up in 2023 for Western Riverside, San Jacinto, and Coachella are 1,849 and estimated to weigh 323.6 tons (average weight of barrel is 350 pounds). These barrels were sent to the rendering facility in Vernon, CA (D&D West Coast Rendering) as per Animal Services' contract with TLC, with the exception of the Blythe Animal Shelter. The Blythe Animal Shelter staff transports the animals to the Blythe Landfill. These barrels include animals that are impounded DOA (dead on arrival) or get euthanized at the shelter locations. These numbers do not reflect the weight of animals the department collects in the field. There are no rendering facilities located within Riverside County.</p>
<input checked="" type="checkbox"/> 6000-PI-PLB Product and Landfill Bans	<p>RCDWR continued to divert mattresses at Badlands and Lamb Canyon Landfill. 157.11 tons of mattresses were recycled</p>
<input checked="" type="checkbox"/> 6010-PI-EIN Economic Incentives	<p>RCDWR has a greenwaste surcharge to disincentivize greenwaste landfilling and encourage compost recycling. The Department also provides a copy of list of greenwaste facilities within Riverside County, which is available on our website and is provided to customers on request at the landfill. The RCDWR does not accept appliances from businesses.</p>

Household Hazardous Waste Programs: Riverside-Unincorporated (2023)

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 9000-HH-PMF Permanent Facility	The program consists of four permanent HHW facilities and seven ABOPs, the Load Check Program, and two sharps kiosks. A total of 19,850 participants were served and 667.43 tons of waste was collected. The facility details were reported through CalRecycle Form 303. E-waste from these facilities is reported in 9045-HH-EWA.
<input checked="" type="checkbox"/> 9010-HH-MPC Mobile or Periodic Collection	The RCDWR continues to operate a schedule of Temporary Household Hazardous Waste Collection Events. These events were operated successfully throughout the County including 32 event days serving 6,835 participants and collecting 228.28 tons of waste. E-waste from these events is reported in 9045-HH-EWA.
<input checked="" type="checkbox"/> 9020-HH-CSC Curbside Collection	Used Motor Oil is collected curbside in most solid waste franchise hauler areas. (Backup under 2023 EAR – Refuse Hauler Recycling Data)
<input checked="" type="checkbox"/> 9045-HH-EWA Electronic Waste	613.06 tons of CRT and Electronic Waste was collected from landfill, HHW, Digital Equity, and Proof of Designation programs for recycling.

Disposal Rate Calculation: Riverside-Unincorporated (2023)

Definition of Terms

"Disposal" - [Resources Code – PRC 40192](#). (a) Except as provided in subdivisions (b) and (c), "solid waste disposal," "disposal," or "dispose" means the final deposition of solid wastes onto land, into the atmosphere, or into the waters of the state. (b) For purposes of Part 2 (commencing with Section 40900), "solid waste disposal," "dispose," or "disposal" means the management of solid waste through landfill disposal, transformation, or EMSW conversion, at a permitted solid waste facility, unless the term is expressly defined otherwise. (c) For purposes of Chapter 16 (commencing with Section 42800) and Chapter 19 (commencing with Section 42950) of Part 3, Part 4 (commencing with Section 43000), Part 5 (commencing with Section 45000), Part 6 (commencing with Section 45030), and Chapter 2 (commencing with Section 47901) of Part 7, "solid waste disposal," "dispose," or "disposal" means the final deposition of solid wastes onto land.

Reporting-Year Disposal Amount (tons) – Defaults to the total tonnage disposed in the Reporting-Year by a jurisdiction as reported to the Recycling and Disposal Reporting System (RDRS). This total disposal contains all jurisdiction waste that was disposed in CA landfills (including Green Material ADC), transformation facilities, EMSW facilities, and exported out-of-state (including Green Material Potential Beneficial Reuse Exported), except for declared disaster debris disposal and disposal in Class II facilities, as those two types of tonnage are no longer tracked by jurisdiction of origin. Any changes will require you submit a [Reporting Year Disposal Modification Certification Sheet \(PDF\)](#). See [User's Guide](#) or contact LAMD representative if uncertain.

Disposal Reduction Credits – the EAR calculator will subtract these credits from your requested total in the Reporting-Year Disposal Amount field. Requesting credits will require you submit a [Reporting Year Disposal Modification Certification Sheet \(PDF\)](#). Descriptions of these credits can be found on that sheet. See [EAR User's Guide](#) or contact LAMD representative if uncertain.

Reporting-Year Population – January 1st estimate of the number of inhabitants occupying a jurisdiction in the Reporting-Year as prepared by the California Department of Finance (DOF)

Reporting-Year Employment – the estimate of the annual average number of employees by jurisdiction in the Reporting-Year as prepared by the California Employment Development Department (EDD).

Landfill Disposal (tons):	500,981.19
Transformation (tons):	720.42
Engineered Municipal Solid Waste (EMSW) Conversion Facility (tons):	0.00
Green Material ADC (tons):	105.49
Green Material Potential Beneficial Reuse Exported (tons):	0.00
Reporting-Year Disposal Amount (tons):	501,807.10
Disposal Reduction Credits (Reported):	
Disaster Waste (tons):	0.00
Medical Waste (tons):	0.00
Regional Diversion Facility Residual Waste (tons):	0.00
C & D Waste (tons):	0.00
Class II Waste (tons):	0.00
Out of State Export (Diverted) (tons):	0.00
Other Disposal Amount (tons):	0.00
	<hr/>
Total Disposal Reduction Credit Amount (tons):	0.00
	<hr/>
Total Adjusted Reporting-Year Disposal Amount (tons):	501,807.10
Reporting-Year Population:	399,779
Reporting-Year Employment:	84,148

Reporting-Year Calculation Results (Per Capita)

	Population		Employment	
	Target	Annual	Target	Annual
The Calculated Disposal Rate (pounds/person/day)	7.3	6.9	30.9	32.7

Calculation Factors: Riverside-Unincorporated (2023)

Disposal Rate Accuracy

1. Are there extenuating circumstances pertaining to your jurisdiction's disposal rate that CalRecycle should consider, as authorized by the [Public Resources Code Section 41821\(c\)](#)? If you wish to attach additional information to your annual report, please send those items or electronic files to your LAMD representative; include a brief description of those files below. If so, please use the space below to tell CalRecycle.

Yes. Please use the space below to tell CalRecycle.

No.

Calculation Factors

If either 1. Alternative disposal or 2. Deductions to RDRS boxes are checked, please complete, and sign the [Reporting Year Disposal Modification Certification Sheet \(PDF\)](#) and save to your computer. You may enter the data and save the Disposal Modification Form to your computer. Then either upload the sheet and supporting documentation using the [Document Upload Section](#) before submitting your report, or mail, e-mail or FAX to CalRecycle within 7 business days of submitting your report. If you are only claiming report-year disposal deductions for waste transported to a certified Transformation facility, you do not need to fill out the certification request.

If 3. Green Material ADC (AB 1594) box is checked: Pursuant to [Public Resources Code \(PRC\) Section 41781.3](#) [(AB) 1594 ([Williams, Chapter 719, Statutes of 2014](#))], beginning in the 2017 EAR jurisdictions are required to include information on plans to address how green material that is being used as ADC will be diverted. Jurisdictions can review disposal facilities that assigned green material ADC and the amount by using the [RDRS Reports: Jurisdiction Disposal and Beneficial Reuse by Destination](#).

More information and brief instructions for using the inflow/outflow map is available on [CalRecycle's Green Material Used as Alternative Daily Cover \(ADC\)](#) webpage.

- 1. Alternative disposal tonnage
- 2. Deductions to RDRS disposal tonnage
- 3. Green Material ADC (AB1594)

2023 Riverside-Unincorporated Green Material ADC (tons): 105.49

- Our jurisdiction has submitted a request to facilities that have assigned green material ADC to our jurisdiction to adjust the tons assigned as we believe they may be misallocated
 - For reporting entities that check this box, the following questions may still require answers if there was green material assigned at the time this EAR was made available for editing. If the tons were changed in RDRS after the date the EAR opens for reporting by jurisdictions, please note that revised information in the answer to the first question below including the tons adjusted, facility name(s), date(s) the changes were made in RDRS system.

1. Please describe in the box below the jurisdiction's plans to divert green material that is being used as ADC.

The County accepts clean green waste at the Lamb Canyon Landfill Composting Facility and there is a charge for clean green waste (less than 1% contamination - net disposal load weight of 0.5 tons or less). This material is used at the compost facility onsite. The County has a surcharge for mixed greenwaste which is higher than than the solid waste rate. Rates can be found at <https://www.rcwaste.org/landfill/fees> The County also provides a list of greenwaste processors throughout the County on our website <https://rcwaste.org/sites/g/files/aldnop376/files/migrated/Portals-0-Files-Planning-CD-DebrisRecyclers.pdf>

2. If the jurisdiction is not meeting the requirements of Section 41780 as a result of not being able to claim diversion for the use of green material as alternative daily cover, then please identify and describe the barriers to recycling green material.

3. If the jurisdiction is not meeting the requirements of Section 41780 as a result of not being able to claim diversion for the use of green material as alternative daily cover, and if sufficient capacity at facilities that recycle green material is not expected to be operational before the jurisdiction's next review pursuant to Section 41825, then the jurisdiction should include a plan to address the barriers identified in the second question that are within the control of the jurisdiction.

Although you will be able to submit your electronic Annual Report without completing a disposal modification form, your Annual Report will not be deemed complete until it is completed and received by CalRecycle. Contact your [LAMD representative](#) for details.

Waivers and Exemptions: Riverside-Unincorporated (2023)

Department Issued Waivers (SLCP)

Jurisdiction Name	Low Population Waiver	High elevation waiver	Number of generators waived from requirement to subscribe to an organic waste collection service	Number of days an emergency processing facility or operational failure waiver was in effect	Tons disposed as a result of emergency processing facility or operational failure waiver	Number of days a disaster and emergency waiver was in effect
Riverside-Unincorporated	<input checked="" type="checkbox"/>	<input type="checkbox"/>	59,938	0	0.00	0

Jurisdiction Name	Additional description

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 7000-FR-MRF MRF	<p>Robert A. Nelson Transfer Station and MRF facility (RANTS): operated by Burrtec on property leased from RCDWR. The RANTS is located in Jurupa Valley. At RANTS, there are the following programs: general refuse, electronic waste, appliances, tires, green waste recycling, construction & demolition, and metals. Perris Transfer Station and MRF (PTS): operated by CR&R Incorporated. The PTS located in Perris continues to implement the following programs: general refuse, bulky item and furniture, green waste and food waste recycling, construction and demolition debris recycling, e-waste recycling, and tire collection for recycling.</p>
<input checked="" type="checkbox"/> 7010-FR-LAN Landfill	<p>The RCDWR operates five landfills (Badlands, Blythe, Desert Center, Lamb Canyon, and Oasis). Waste Management, Inc. operates the El Sobrante landfill. RCDWR continues to operate the Lamb Canyon and Badlands Landfill Waste Recycle Parks (WRP), which offers self-haulers the opportunity to bring segregated recyclable materials to drop off at the WRPs. This recyclable material is then sent to recyclers by the RCDWR. Certain recyclables are also accepted at the Blythe, Oasis and El Sobrante landfill.</p>
<input checked="" type="checkbox"/> 7020-FR-TST Transfer Station	<p>Transfer Stations are privately operated in Riverside County. The following transfer stations are operated by Burrtec: Coachella Transfer Station, Edom Hill Transfer Station, and Robert A. Nelson (RAN) Transfer Station and MRF. Burrtec leases these properties from RCDWR. Waste Management, Inc. owns and operates Moreno Valley Transfer Station and MRF. The following transfer stations are owned by CR&R: Perris Transfer Station and MRF. CR & R also operates Anza Transfer Station, Idyllwild Transfer Station, and Pinyon Flats Transfer Station. CR&R leases the Anza, Idyllwild, and Pinyon Flats properties from RCDWR. The transfer stations receive recyclable materials and to serve as solid waste transfer stations. The Coachella, Idyllwild, Anza, and Edom Hill transfer stations also serve as Antifreeze, Batteries, Used Oil and Paint (ABOP) and PaintCare facilities. Green waste recycling activities occur at the Edom Hill, Perris, and RAN Transfer Stations. Food waste recycling processing occurs at the Burrtec RAN Transfer Station and the CR&R Perris Transfer Station.</p> <p>7030-FR-CMF</p>
<input checked="" type="checkbox"/> 7030-FR-CMF Composting Facility	<p>Lamb Canyon Landfill has a permitted composting program, which is operated by RCDWR. There are several other composting facilities located within Riverside County operated by private entities. See the backup documentation for a listing.</p>

<input checked="" type="checkbox"/> 7040-FR-ADC Alternative Daily Cover	<p>Lamb Canyon Landfill has a permitted composting program, which is operated by RCDWR. There are several other composting facilities located within Riverside County operated by private entities. See the backup documentation for a listing.</p>
<input checked="" type="checkbox"/> 8000-TR-WTE Waste To Energy	<p>Dropped in earlier year.</p>
<input checked="" type="checkbox"/> 8010-TR-BIO Biomass	<p>The County and its cities diverted 53,022.66 tons of wood waste to Green Leaf Energy a biomass facility located in the Coachella Valley. It appears that there was a general decrease among all processors as well as the self-haul coming to the facility. Decreased tonnage may be attributed to collection issues due to COVID-19.</p>

Infrastructure and Barriers: Riverside-Unincorporated (2023)

Mandatory Commercial Organics Recycling (MORe): Infrastructure and barriers (AB 876)

1. Has anything changed in the last year, since the submittal of the County capacity planning reporting requirements per 14 CCR Section 18992.1 et al.? If yes, describe in box below.

Yes.

No.

- Other ordinances (describe below)

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 6020-PI-ORD Ordinances	The Riverside County Board of Supervisors passed Ordinance 745.4, which provides for the compulsory collection and disposal of solid waste and recyclable material within specified unincorporated areas of Riverside County.

Planning Documents: Riverside-Unincorporated (2023)

Rural Petition for Reduction

Was your jurisdiction granted a Rural Petition for Reduction by CalRecycle? See [Jurisdictions with an Approved Petition for Rural Reduction](#). For more information regarding Rural Petition for Reduction, go to [Rural Solid Waste Diversion Home Page](#).

- Yes. If yes, please discuss whether the conditions under which the petition was granted still apply.
- No.

Newly Incorporated Cities

Since the date of your last Annual Report, are there any newly incorporated cities within your county/regional agency?

- Yes. Enter new city name, incorporation date, and population at time of incorporation in the text box below.
- No.

Source Reduction and Recycling Element (SRRE)

Does the SRRE need to be revised?

- Yes. Explain below why the SRRE is not adequate, the revisions that are necessary and the timeline for making those revisions. Note: Diversion program information is updated in each Annual Report, SB 1066 time extension or alternative diversion requirement report, compliance order, etc. So, before taking any action on the revision process, please contact your LAMD representative for further discussion and additional information.
- No. Please add any notes or updates below.

Household Hazardous Waste Element (HHWE)

Does the HHWE need to be revised?

- Yes. Explain below why the HHWE is not adequate, the revisions that are necessary and the timeline for making those revisions. Note: Diversion program information is updated in each Annual Report. So, before taking any action on the revision process, please contact your LAMD representative for further discussion and additional information.
- No. Please add any notes or updates below.

Non-Disposal Facility Element (NDFE)

Describe below any changes in the use of [non-disposal facilities](#), both existing and planned (e.g., is the jurisdiction using a different facility within or outside of the jurisdiction, has a facility closed, is a new one being planned).

The Badlands Compost Facility was included in the NDFE as Table A-10. Appendix 2, NDFE Map, was updated to include the Badlands Compost Facility. (The updated NDFE is attached as backup).

Are there currently any non-disposal facilities that require a solid waste facility permit located (or planned to be sited) in your jurisdiction that are not identified in your NDFE?

- Yes. Your NDFE may need to be amended before the permit for this facility comes before CalRecycle for concurrence. If the facility is not identified in the NDFE, the permit may not be in conformance with your NDFE, and the permit may be denied. See CalRecycle's NDFE Guidelines at <https://www.calrecycle.ca.gov/LGCentral/Library/Policy/NDFEGuide.htm> and contact your LAMD representative if you have any questions about the need to amend your NDFE.
- No. Please add notes or updates below.

Summary Plan

Does the Summary Plan need to be revised?

- Yes. Discuss below. Include a time schedule for revising the Summary Plan. Please contact your LAMD representative to request additional information and guidance.
- No. Please add any notes or updates below.

Areas of concern

Did CalRecycle require your jurisdiction to address any areas of concern when determining the adequacy of your solid waste planning documents, or any of their elements?

- Yes. Below, discuss the actions taken to address the areas of concern.
- No.

Conditional approvals

Did CalRecycle give conditional approval to any of your solid waste planning documents, or any of their elements?

- Yes. Below, discuss the actions taken gain full approval of the plan/elements.
- No.

Total County or Agency Wide Disposal Capacity

If you do not currently have 15 years of disposal capacity, describe your strategy for obtaining 15 years of capacity.

N/A

Based on the best available estimates of current and future disposal, how many years of disposal capacity does your county or regional agency have?

24

Siting Element Adequacy

Does the Siting Element need to be revised? The Siting Element will need to be revised if you have less than 15 years disposal capacity and have not described a strategy for obtaining 15 years disposal capacity.

- Yes. In the box below, provide a time schedule for revising your Siting Element. Also discuss new disposal sites or disposal strategies that changed during the report year, and how those strategies will allow the county or regional agency to attain 15 years of disposal capacity. Please also contact your LAMD representative for additional information and guidance.
- No. This county or regional agency has more than 15 years of disposal capacity, has experienced no major changes in disposal practices in the past year, and expects no such changes in the near future. Please include any notes or updates below.

Additional Information and Document Management: Riverside-Unincorporated (2023)

SRRE and HHWE Diversion Programs

1000-SR-XGC (Xeriscaping/Grasscycling)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: Riverside County Department of Waste Resources (RCDWR) continues to provide outreach materials to the public through our website and social media, including information on grasscycling and xeriscaping. The Department continues to offer virtual and in-person classes and attendance at Community events. A wide variety of promotional materials continue to be available on our website and YouTube page. County Parks are mowed using low-deck mowers and clippings are left on the turf.</p>		
1010-SR-BCM (Backyard and On-Site Composting/Mulching)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: The Riverside County Department of Waste Resources (RCDWR) teaches residents about home composting and vermicomposting through information on website rcwaste.org, which includes recorded videos (also available on YouTube), and downloadable pdfs, as well as informational graphics/short-form videos on social media platforms (Instagram, Facebook, TikTok, Twitter/X), in-person classes, and virtual/in-person presentations. Scheduled classes for 2023 were held in person at Department HQ outdoor Resource Garden in Moreno Valley. The RCDWR continues to recommend use of mulch in conditions of approval. The Department also implements on-site composting at the department headquarters and at the Lamb Canyon Landfill. RCDWR utilizes mulch in landscaping and erosion control at department facilities. Outreach events and attendee information is included in 5020-ED-OUT.</p>		
1020-SR-BWR (Business Waste Reduction Program)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No

	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: In 2023, RCDWR provided virtual assistance for businesses to improve diversion rates and comply with environmental policies. Virtual assistance includes e-flyers, e-brochures, social media, RCDWR Website, and recycling hotline. RCDWR's website also consists of a comprehensive waste guide and a list of local food recovery agencies developed by the Riverside County Department of Environmental Health (RCDEH). RCDWR staff provide businesses with information of solid waste regulations that affect their operations like AB 341, AB 1826, SB 1383, and AB 827 mandates. Staff considers a business' waste stream and provides information and on source reduction, recycling resources, food waste reduction, organics recycling service, on-site composting/vermicomposting, donations, and green waste diversion. In November 2023, RCDWR hosted the 4th Annual RivCo Recycles Community Summit. The summit united individuals, neighborhoods, local businesses, and organizations to transform ideas into actionable change.</p>		
<p>1030-SR-PMT (Procurement)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: Riverside County departments abide by the Environmental Purchasing Policy, (BOS Policy #A-64, dated February 3, 2009). The Environmental Purchasing Policy serves as a purchasing guide for the following: Recycled content products, less harmful and non-toxic materials and processes, energy and water saving products and processes, natural resource and landscaping management services, sustainable products, disposal and pollution reduction and packaging.</p> <p>In 2021, the Department discontinued the toner recycling program and contracted with Staples, which allows individual departments several options to properly dispose of their used ink and toner cartridges. This contract also allows departments to purchase recycled toner cartridges.</p> <p>In 2021, the Department discontinued the battery recycling program. Resources for battery and toner recycling are provided on our online waste guide www.rcwaste.org. The Department is unable to collect specific tonnage from individual contractors.</p> <p>Paint and other reusable products, collected from county residents through the countywide Household Hazardous Waste (HHW) collection program, are made available to the public for free at five Drop and Shop stores (located at PHHWCF and Badlands landfill). Reusable paint from the RCDWR's HHW program is utilized by Riverside County and cities for programs such as graffiti abatement; however, no departments or cities participated in this offer in 2023.?</p>		
<p>1040-SR-SCH (School Source Reduction Programs)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes

		Owned or Operated: Yes
<p>Jurisdiction Notes: The Riverside County Department of Waste Resources (RCDWR) supports school source reduction efforts through environmental workshops, compost bin donations, and school garden composting assistance. In 2023, RCDWR completed 21 school outreach activities including composting/vermicomposting presentations, exhibitor tables, and landfill tours. Additionally, RCDWR launched a pilot school recycling program to help K-12 schools comply with Mandatory Commercial Recycling AB 341. During 2023, 183 recycling receptacles were distributed to schools along with useful tips and information for developing their recycling program. RCDWR has multiple online school resources such as on-demand YouTube video classes and social media content about organics and commercial recycling. RCDWR also lists local green waste processors on our website for schools that self-haul green waste off-site. In November 2023, RCDWR hosted the 4th Annual RivCo Recycles Community Summit, which featured virtual presentations from partners UC Riverside and La Sierra High School. La Sierra’s Recycling Club was also featured on our website and social media platforms, showcasing their successful waste reduction efforts. School outreach information is included in 5020-ED-OUT.</p>		
<p>1050-SR-GOV (Government Source Reduction Programs)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: Riverside County Board Policy H-29, Sustainable Building Policy was approved by the Board of Supervisors on February 10, 2009. This policy establishes the use of sustainable building practices in the design of county capital improvement projects to reduce pollution, protect natural resources, enhance asset value, optimize building performance, and create healthier workplaces for county employees. The Sustainable Building Policy has multiple source reduction strategies like: extensive use of non-toxic and/or recycled-content building materials, use of certified sustainable wood products, incorporation of recycling facilities, and recycling of construction and demolition waste. In an effort to increase recycling at County facilities, Riverside County Department of Waste Resources (RCDWR) utilized City/County Payment Program funding to promote the use of deskside recycling containers. Details regarding this program are located in 2060-RC-GOV.</p> <p>The Department and main county administrative offices have refillable hydration water stations to promote reuse and limit the waste from single-use water bottles. Many county services are also offered to residents online for ease of use which subsequently lessens paper generation. RCDWR continues to serve as a model for many source reduction efforts that are adopted countywide. The RCDWR implemented the H-29 Riverside County Sustainable Building Policy to increase water conservation, reduce waste, and reduce overall energy consumption, which is overseen by a designated staff person.</p> <p>RCDWR implements on-site composting and vermicomposting that utilizes employee food scrap waste in addition to centralized recycling bins and deskside recycling bins. The RCDWR Purchasing team continues to purchase recycled paper. The RCDWR also has eliminated single use paper plates, cups, and utensils, opting for reusables. RCDWR has utilized the County’s previous Furniture Surplus program to furnish landfill and Permanent HHW offices. The RCDWR General Manager-Chief Engineer is able to approve usable items to be salvaged from the County landfills to be utilized for reuse. In 2023, the Department continued its development of the Found it Again Reuse Store, a one-stop shopping experience where residents can buy affordable used products (removed from the incoming waste stream by Department staff).</p>		
<p>1060-SR-MTE (Material Exchange, Thrift Shops)</p>		

Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:

The RCDWR operates five (5) Drop N Shops at the following locations: Agua Mansa Permanent Household Hazardous Waste Collection Facility (PHHWCF), Palm Springs PHHWCF, Badlands Landfill Antifreeze, Battery, Oil and Paint Facility (ABOP), Lamb Canyon Landfill PHHWCF and Lake Elsinore PHHWCF. These reuse centers allow residents to pick up good reusable material that is brought into the PHHWCF's and THHWCF's at no cost. PHHWCF Drop and Shop centers also distribute a small amount of material to the public for reuse. For 2023, 6.5 tons of materials was distributed for reuse through the Department Drop N Shops.

2000-RC-CRB (Residential Curbside)

Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

Jurisdiction Notes:

The County franchise hauler system continues to provide refuse collection and recycling service in the Unincorporated County. There are four (4) franchise waste haulers within the unincorporated Riverside County (Burrtec, CR&R, Desert Valley Disposal, and Waste Management, Inc.). (Backup under 2023 EAR – Refuse Hauler Recycling Data)

2010-RC-DRP (Residential Drop-Off)

Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

Jurisdiction Notes:

Riverside County residents can utilize Riverside County landfills to drop off accepted recyclables.

2020-RC-BYB (Residential Buy-Back)

Current Status: SO - Selected and Ongoing	Program Start Year: 1987	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

Jurisdiction Notes:

There are buy back centers located in the Riverside incorporated county.

2030-RC-OSP (Commercial On-Site Pickup)

Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: No
---	--------------------------	-------------------------

	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<p>Jurisdiction Notes: Waste haulers continue to collect refuse and recycling in Riverside County. There are four (4) franchise waste haulers within unincorporated Riverside County (Burrtec, CR&R, Desert Valley Disposal, and Waste Management, Inc.). (Backup under 2023 EAR – Refuse Hauler Recycling Data)</p>		
<p>2060-RC-GOV (Government Recycling Programs)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: RCDWR utilizes City/County Payment Program funding to purchase indoor and outdoor waste/recycling/organic containers for County facilities. Marketed as RivCo Recycles, this program provides the containers that promote and provide access to recycling for employees and residents. In 2023, RCDWR purchased and distributed; 75 deskside bins, 8 Brute, and 7 Concrete bins. Another part of this program is having Recycling Ambassadors in each department that provide a point of contact for employees and to disseminate monthly Waste Wednesday newsletter through email messages that provide information on recycling events and other related waste reduction programs.</p>		
<p>2070-RC-SNL (Special Collection Seasonal (regular))</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<p>Jurisdiction Notes: The Riverside County Department of Waste Resources collected 6.51 tons of Christmas trees for recycling in 2023. Christmas tree collection typically occurs starting December 26th and lasts for two weeks.</p>		
<p>2080-RC-SPE (Special Collection Events)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: The RCDWR collected 983.87 tons of solid waste at 25 Community Clean-ups events held throughout the County. Tires collected through this program are accounted for in 4020-SP-TRS.</p>		
<p>3000-CM-RCG (Residential Curbside Greenwaste Collection)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 2000	Existed before 1990: No

	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<p>Jurisdiction Notes: There are four (4) franchise waste haulers within unincorporated Riverside County (Burrtec, CR&R, Desert Valley Disposal, and Waste Management, Inc.). (Backup under 2023 EAR – Refuse Hauler Recycling Data)</p>		
<p>3010-CM-RSG (Residential Self-haul Greenwaste)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<p>Jurisdiction Notes: 1,903.76 tons of Residential Self-haul Greenwaste material was diverted from landfilling through the Lamb Canyon Landfill Compost Facility.</p>		
<p>3030-CM-CSG (Commercial Self-Haul Greenwaste)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<p>Jurisdiction Notes: The Riverside County Department of Waste Resources (RCDWR) continues to encourage businesses to recycle their green waste by providing educational materials on green waste recycling benefits and a list of local green waste recycling facilities. These lists are provided at the landfill gates and offered to business arriving with a load of green waste and are provided on RCDWR's website online Waste Guide. In 2023, a \$12.27/ton green waste surcharge at landfills was in effect as an economic disincentive to landfilling green waste. The County promotes the use of its County staffed compost facility located within the Lamb Canyon Landfill and clean material with <1% contamination is accepted at \$44.75/ton for on-site composting. We refer residents to green/wood waste facilities on our website waste guide. Agua Mansa MRF facility also recycles green waste and food waste since 2010. The facility is operated by Burrtec on property leased from RCDWR.</p>		
<p>3035-CM-COR (Commercial Organics Recycling)</p>		
Current Status: AO - Alternative and Ongoing	Program Start Year: 2016	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No
<p>Jurisdiction Notes: There are four (4) franchise waste haulers within unincorporated Riverside County (Burrtec, CR&R, Desert Valley Disposal, and Waste Management, Inc.). (Backup under 2023 EAR – Refuse Hauler Recycling Data)</p>		
<p>3040-CM-FWC (Food Waste Composting)</p>		

Current Status: AO - Alternative and Ongoing	Program Start Year: 1999	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

Jurisdiction Notes:

The RCDWR encourages businesses, residents, and schools county-wide to recycle their food waste by providing educational information. Details regarding electronic education, print education, and electronic outreach are located in 5000-ED-ELC, 5010-ED-PRN, and 5020-ED-OUT, respectively. The following sites process compost materials: Coachella Valley Compost (privately operated), Robert A Nelson Transfer Station (privately operated), Lamb Canyon Composting Facility (RCDWR staffed) and Edom Hill Compost (privately operated). The Lamb Canyon Composting Facility did not accept any food waste in 2023.

3050-CM-SCH (School Composting Programs)

Current Status: AO - Alternative and Ongoing	Program Start Year: 1998	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:

The Riverside County Department of Waste Resources (RCDWR) staff provided 6 composting and vermicomposting presentations to schools virtually and in person. RCDWR donates free compost bins to local schools with gardens and schools that wish to start a sustainable recycling program in the classroom. RCDWR donated 1 compost bin and 2 worm bin kits to schools with gardens in 2023 (La Sierra High School, Palm Middle School). RCDWR staff set up the bins and presented composting information to educate staff and students about green waste and food waste diversion. Details regarding electronic education, print education, and electronic outreach are in 5000-ED-ELC, 5010-ED-PRN, and 5020-ED-OUT, respectively.

3060-CM-GOV (Government Composting Programs)

Current Status: AO - Alternative and Ongoing	Program Start Year: 1999	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

Jurisdiction Notes:

RCDWR performs legislative review to determine impacts on organics collection and processing.

4000-SP-ASH (Ash)

Current Status: DE - Dropped in an earlier year	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

Jurisdiction Notes:

Program is discontinued.

4010-SP-SLG (Sludge (sewage/industrial))		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<p>Jurisdiction Notes:</p> <p>Land application of Class B sewage sludge is prohibited per County Ordinance 812. On February 18, 2004, the Riverside County Board of Supervisors adopted Ordinance 830, which regulates Class A sewage sludge land application for agricultural activities. Eastern Municipal Water District (EMWD) has five regional water reclamation facilities which treat approximately 46 million gallons of wastewater every day: San Jacinto Valley Regional Water Reclamation Facility, Moreno Valley Regional Water Reclamation Facility, Perris Valley Regional Water Reclamation Facility, Sun City Regional Water Reclamation Facility, and Temecula Valley Regional Water Reclamation Facility. The biosolids generated from EMWD are shipped to La Paz Landfill in Arizona for land application. The total tons shipped to Arizona in 2023 was 58,238 total wet tons or 10,548 total dry tons. EMWD does not accept any food waste for co-digestion.</p> <p>Western Municipal Water District (WMWD) also treats wastewater at the Western Water Recycling Facility (WWRF) and shipped 4,753 dry tons to Arizona Soils and 277.7 tons of biosolids were composted in Nursery Products Hawes Composting Facility, in California. WMWD does not accept any food waste for co-digestion.</p> <p>The Santa Rosa Regional Resources Authority (SRRRA) provides wastewater infrastructure for the southwestern Riverside County region. The Authority is responsible for the collection, transmission, treatment, and disposal of wastewater from its member agencies, relating to flows to the Santa Rosa Water Reclamation Facility (SRWRF) in Murrieta, California. SRRRA sent 333.97 dry metric tons to Arizona Land Application (composting) and 205.36 dry metric tons to California landfill Holloway Environmental in 2023. SRRRA did not send any food waste.</p>		
4020-SP-TRS (Tires)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes:</p> <p>The RCDWR continues to collect tires for a fee at three landfills: Badlands, Lamb Canyon, and Blythe. Tires are source-separated and removed from the landfill to an acceptable disposal (e.g. engineered fill) or recycling location. Tires are also collected and subsequently recycled through the Illegal dumping Mop-up And Cleanup Team (IMPACT) and Community Cleanups. Riverside County is also a recipient of Tire Enforcement Grants which are administered by the Code Enforcement Department (administrative only). Tires collected curbside by the haulers are accounted for in 2000- RC-CRB and 2030-RC-OSP.</p>		
4030-SP-WHG (White Goods)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

Jurisdiction Notes: Tonnage for white goods is included in tonnage reported in Scrap Metal 4040-SP-SCM		
4040-SP-SCM (Scrap Metal)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes: RCDWR diverts all self-hauled metallic and appliance materials from landfilling. Riverside County Transportation and Land Management Agency also recycles traffic signs and posts. Scrap Metal tonnage collected for recycling is 1,171.58 tons. (Back-up provided)		
4050-SP-WDW (Wood Waste)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
Jurisdiction Notes: Wood waste continues to be diverted to green/woody waste recyclers (for processing into mulch and fuel) and to Green Leaf Energy, a biomass-to-energy facility in the Coachella Valley. Tonnage is included in 8010-TR-BIO.		
4060-SP-CAR (Concrete/Asphalt/Rubble)		
Current Status: AO - Alternative and Ongoing	Program Start Year: 1998	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes: The RCDWR used 510.77 tons of tire-derived aggregate (California tires) as part of the TDA Grant awarded to RCDWR. The landfills utilized 1,966.94 tons of material as road base. Waste Recycling Plans (WRPs) are required prior to issuance of building/grading permits, and Waste Recycling Reports documenting compliance with the WRPs, are required prior to issuance of occupancy permits. 32,728 tons were recycled through the WRP process. The Riverside County Department of Transportation and Land Management Agency (TLMA) also utilizes tires in Rubberized Asphalt Concrete (RAC). The quantities for each year have not been broken down by TLMA. Total beneficial reuse tonnage is 35,205.71 tons		
4090-SP-RND (Rendering)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes

		Owned or Operated: No
--	--	-----------------------

Jurisdiction Notes:
 According to the Riverside County Department of Animal Services, there is no accurate weight amount that can be found or provided; however, the total number of barrels picked up in 2023 for Western Riverside, San Jacinto, and Coachella are 1,849 and estimated to weigh 323.6 tons (average weight of barrel is 350 pounds). These barrels were sent to the rendering facility in Vernon, CA (D&D West Coast Rendering) as per Animal Services' contract with TLC, with the exception of the Blythe Animal Shelter. The Blythe Animal Shelter staff transports the animals to the Blythe Landfill. These barrels include animals that are impounded DOA (dead on arrival) or get euthanized at the shelter locations. These numbers do not reflect the weight of animals the department collects in the field. There are no rendering facilities located within Riverside County.

5000-ED-ELC (Electronic (radio ,TV, web, hotlines))

Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:
 RCDWR provides information through social media, the RCDWR website rcwaste.org, the HHW and recycling hotlines, electronic newsletters, and electronic press releases. In 2023, RCDWR published daily social media posts (Instagram, Facebook, Twitter) and weekly short videos (Instagram, TikTok) to advertise department events and classes. Social media is also utilized to promote educational messages related to waste reduction, recycling, and sustainability. RCDWR's social media highlights include a viral Instagram Reel featuring step-by-step instructions on building an Olla, including the history and benefits of the ancient irrigation system. Other standout short videos include the 12 Days of Christmas TikTok series which covered zero-waste gift ideas and wrapping paper alternatives. The RCDWR website also includes access to virtual live classes and on-demand classes such as composting, vermicomposting, green home topics (green cleaning, green gardening, making your home zero waste, green landscaping, and green wardrobe), recycling, food waste-food rescue, intro to environmental justice, and intro to climate change. On-demand classes are typically available in English and Spanish. In 2023, RCDWR published 451 Facebook posts, 468 Twitter posts, 499 Instagram posts, and 92 TikTok posts on waste reduction, environmental policies, recycling, composting, community events, and more. Across all platforms, a total of 150 videos were published focusing on source reduction themes such as HHW diversion and reducing house and food waste. In 2023, the department had 175,056 webpage views. Many calls to the recorded hotlines: 2,284 HHW hotline calls and 281 recycling hotline calls. The department composed and submitted 61 press releases.

5010-ED-PRN (Print (brochures, flyers, guides, news articles))

Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:

The RCDWR utilizes electronic media (i.e., social media and its website) for program promotion whenever possible to source reduce paper printed materials.

Print media was used to promote the outreach calendar of our programs, instructional literature for classes, and events; Household Hazardous Waste (HHW) information and collection events; and material related to other RCDWR programs (available in the backup documentation). All printed materials, public education literature, flyers, etc. are printed on recycled content paper when available. Most print media is available in English and Spanish.

Local community newspapers and community program guides are used whenever possible. Press releases were also distributed through the County's Executive Office electronically in place of display advertising.

RCDWR transitioned print media to electronic media to ensure businesses, residents, and schools still had access to outreach materials.

5020-ED-OUT (Outreach (tech assistance, presentations, awards, fairs, field trips))

Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:

The RCDWR participated in 115 various community events, conducted classes and presentations (in-person and virtually, landfill tours, and volunteer and Master Composter trainings. In 2023, RCDWR hosted Backyard Composting, Vermicomposting, and Make-Your-Own Worm Bin hands-on classes. RCDWR also hosted the following classes: the Green Home Series, Food Waste-Food Rescue, Make your home zero waste, Climate Change, and Environmental Justice. Additionally, 10 Lamb Canyon landfill tours were completed. At these events, staff and volunteers are available to answer questions about source reduction programs and waste issues. In January 2023, the Department held its first social media campaign centered on incorporating sustainability and zero waste resolutions during the beginning of the new year. The campaign, titled "Zero Waste Hero," received participation in the form of class attendance and social media engagement. Participants were entered into a raffle and received zero waste prizes, with the grand prize being a worm bin Kit. In May 2023, the Department hosted a DIY Olla Workshop encouraging residents to conserve water by reusing clay pots to create a homemade, efficient low tech irrigation system for planters. In June, RCDWR hosted an in-person Kids Summer Recycle Camp, during which kids and their families were about to create zero waste crafts and learn about recycling and repurposing. RCDWR also hosted the 4th annual RivCo Recycles Community Summit in November. The virtual summit educated the public by showcasing practicable solutions industry leaders and community members alike are taking to implement waste reduction and sustainable changes, informing attendees of the existing history of environmental justice in Riverside County, and what they can do to help create a sustainable future in Riverside County. The Department was named a Best Short Form Video finalist for their reel/TikTok showcasing the Olla. The finalist position was awarded by Government Social Media, an LLC that supports public sector social media professionals by hosting national events, facilitating online training and organizing a community of government social media managers across the country. The awards program received over 400 entries. Master Composter trainers, George Podolsky and Mike Perez, received a Certificate of Recognition from San Bernardino County 5th District Supervisor Joe Baca, Jr. for their partnership with the San Bernardino UCCE Master Gardener program to invite them to attend Master Composter Training course in Moreno Valley.

2023 Event Data

Businesses 3 events 120 attended
 Multi-Family Dwellings 0 events 0 attended
 Residential 91 events 17,736 attended
 School 21 events 1,360 attended
 Volunteer Hours 1132 contributed
 Compost and Vermicompost Bins 296 distributed

5030-ED-SCH (Schools (education and curriculum))

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:
 The Riverside County Unified School District follows the California Education and the Environment Initiative. The California Education and the Environment Initiative is a statewide effort to make environmental literacy an integral part of K-12 instruction in California. This program provides educators with professional learning and instructional materials that demonstrate how to blend the environment into the teaching of traditional academic subjects such as science, history, and English language arts. One environmental topic covers resource conversation & recycling at all education levels: elementary, middle, and high school levels. To supplement the Education and Environmental Initiative, RCDWR provides a School Resource page on the website and offers schools and districts the option to schedule a recycling specialist to speak about composting, recycling, and food waste reduction. Riverside County schools with a garden can also receive one free composting or vermicomposting bin per year (for up to 2 years or 2 bins of choice). Along with the bin, RCDWR can assign an Outreach Volunteer or staff member to become a school's composting mentor. In 2023, composting mentors were not scheduled to work with the schools to implement and enhance their school garden compost areas. Outreach data is reported in 5020-ED-OUT.

6000-PI-PLB (Product and Landfill Bans)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:
 RCDWR continued to divert mattresses at Badlands and Lamb Canyon Landfill. 157.11 tons of mattresses were recycled

6010-PI-EIN (Economic Incentives)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:
 RCDWR has a greenwaste surcharge to disincentivize greenwaste landfilling and encourage compost recycling. The Department also provides a copy of list of greenwaste facilities within Riverside County, which is available on our website and is provided to customers on request at the landfill. The RCDWR does not accept appliances from businesses.

6020-PI-ORD (Ordinances)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:
 The Riverside County Board of Supervisors passed Ordinance 745.4, which provides for the compulsory collection and disposal of solid waste and recyclable material within specified unincorporated areas of Riverside County.

7000-FR-MRF (MRF)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1996	Existed before 1990: No

	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: Robert A. Nelson Transfer Station and MRF facility (RANTS): operated by Burrtec on property leased from RCDWR. The RANTS is located in Jurupa Valley. At RANTS, there are the following programs: general refuse, electronic waste, appliances, tires, green waste recycling, construction & demolition, and metals. Perris Transfer Station and MRF (PTS): operated by CR&R Incorporated. The PTS located in Perris continues to implement the following programs: general refuse, bulky item and furniture, green waste and food waste recycling, construction and demolition debris recycling, e-waste recycling, and tire collection for recycling.</p>		
7010-FR-LAN (Landfill)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: The RCDWR operates five landfills (Badlands, Blythe, Desert Center, Lamb Canyon, and Oasis). Waste Management, Inc. operates the El Sobrante landfill. RCDWR continues to operate the Lamb Canyon and Badlands Landfill Waste Recycle Parks (WRP), which offers self-haulers the opportunity to bring segregated recyclable materials to drop off at the WRPs. This recyclable material is then sent to recyclers by the RCDWR. Certain recyclables are also accepted at the Blythe, Oasis and El Sobrante landfill.</p>		
7020-FR-TST (Transfer Station)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1994	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<p>Jurisdiction Notes: Transfer Stations are privately operated in Riverside County. The following transfer stations are operated by Burrtec: Coachella Transfer Station, Edom Hill Transfer Station, and Robert A. Nelson (RAN) Transfer Station and MRF. Burrtec leases these properties from RCDWR. Waste Management, Inc. owns and operates Moreno Valley Transfer Station and MRF. The following transfer stations are owned by CR&R: Perris Transfer Station and MRF. CR & R also operates Anza Transfer Station, Idyllwild Transfer Station, and Pinyon Flats Transfer Station. CR&R leases the Anza, Idyllwild, and Pinyon Flats properties from RCDWR. The transfer stations receive recyclable materials and to serve as solid waste transfer stations. The Coachella, Idyllwild, Anza, and Edom Hill transfer stations also serve as Antifreeze, Batteries, Used Oil and Paint (ABOP) and PaintCare facilities. Green waste recycling activities occur at the Edom Hill, Perris, and RAN Transfer Stations. Food waste recycling processing occurs at the Burrtec RAN Transfer Station and the CR&R Perris Transfer Station.</p>		
7030-FR-CMF		
7030-FR-CMF (Composting Facility)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: No

	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
Jurisdiction Notes:		
Lamb Canyon Landfill has a permitted composting program, which is operated by RCDWR. There are several other composting facilities located within Riverside County operated by private entities. See the backup documentation for a listing.		
7040-FR-ADC (Alternative Daily Cover)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1995	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
Lamb Canyon Landfill has a permitted composting program, which is operated by RCDWR. There are several other composting facilities located within Riverside County operated by private entities. See the backup documentation for a listing.		
8000-TR-WTE (Waste To Energy)		
Current Status: DE - Dropped in an earlier year	Program Start Year: 1997	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
Jurisdiction Notes:		
Dropped in earlier year.		
8010-TR-BIO (Biomass)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
Jurisdiction Notes:		
The County and its cities diverted 53,022.66 tons of wood waste to Green Leaf Energy a biomass facility located in the Coachella Valley. It appears that there was a general decrease among all processors as well as the self-haul coming to the facility. Decreased tonnage may be attributed to collection issues due to COVID-19.		
9000-HH-PMF (Permanent Facility)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1995	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes

		Owned or Operated: Yes
<p>Jurisdiction Notes: The program consists of four permanent HHW facilities and seven ABOPs, the Load Check Program, and two sharps kiosks. A total of 19,850 participants were served and 667.43 tons of waste was collected. The facility details were reported through CalRecycle Form 303. E-waste from these facilities is reported in 9045-HH-EWA.</p>		
<p>9010-HH-MPC (Mobile or Periodic Collection)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: The RCDWR continues to operate a schedule of Temporary Household Hazardous Waste Collection Events. These events were operated successfully throughout the County including 32 event days serving 6,835 participants and collecting 228.28 tons of waste. E-waste from these events is reported in 9045-HH-EWA.</p>		
<p>9020-HH-CSC (Curbside Collection)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<p>Jurisdiction Notes: Used Motor Oil is collected curbside in most solid waste franchise hauler areas. (Backup under 2023 EAR – Refuse Hauler Recycling Data)</p>		
<p>9040-HH-EDP (Education Programs)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
<p>Jurisdiction Notes: The RCDWR promotes all HHW Collection Events, environmental classes, and waste reduction programs through social media (Facebook, Instagram, Twitter, TikTok, and YouTube), press releases, event schedule flyers, the RCDWR website, recycling hotline, HHW hotline, community events, and community presentations. The cities also promote the County’s programs to their residents. Details of the electronic, print material and outreach programs are located in 5000-ED-ELC, 5010-ED-PRN, and 5020-ED-OUT respectively.</p>		
<p>9045-HH-EWA (Electronic Waste)</p>		
Current Status: SO - Selected and Ongoing	Program Start Year: 2001	Existed before 1990: No

	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: Yes

Jurisdiction Notes:

613.06 tons of CRT and Electronic Waste was collected from landfill, HHW, Digital Equity, and Proof of Designation programs for recycling.

Additional Information

Is there anything else you would like to tell CalRecycle about unique or innovative efforts by your jurisdiction to reduce organic waste generation and increase diversion, about your jurisdiction's public education efforts, or about specific obstacles to reaching your jurisdiction's implementation of an organic recycling program?

Brief description of additional information files, including calculation data for infrastructure planning.
