**County waste department to provide free household hazardous waste collection events in Mead Valley and Pinyon Community on Saturday**

The Riverside County Department of Waste Resources has scheduled free household hazardous-waste collection events on Saturday (8/24), at the Mead Valley Community Center and the Pinyon Flats Transfer Station. The collection is open to all Riverside County residents.

The department provides an opportunity for Riverside County residents to keep hazardous waste out of the county landfills and ensure it is properly managed. The event will accept residentially generated household hazardous waste from Riverside County residents only. Waste from businesses or nonprofits will not be accepted. Typical waste includes used motor oil, paint, antifreeze, household and automotive batteries, pesticides, cleaning products, sharps (that is, needles, syringes or lancets), unused medication (except controlled substances), fluorescent lamps, and electronic waste such as televisions, computers, VCRs and telephones. Limit the amount of waste transported to no more than 15 gallons, or 125 pounds maximum per vehicle. Individual containers should be no larger than five gallons nor weigh more than 50 pounds.

The collection will not accept explosives, radioactive material, ammunition, asbestos, compressed-gas cylinders over 40 pounds, or infectious or medical waste other than sharps.

The event is subject to cancellation during inclement weather or for other hazardous conditions as determined by the county. The events are scheduled to run from 9 a.m. to 2 p.m. at the Mead Valley Community Center, 21091 Rider Street in Perris and the Pinyon Flats Transfer Station, S. Pinyon Flats Road in Pinyon Pines. For more information, contact the Riverside County Department of Waste Resources at (951) 486-3200 or (800) 304-2226, or <https://rcwaste.org/household-hazardous-waste>.
