County waste department partners with Master Gardeners for winter vegetable lesson on Saturday

Long, hot summer days have many of us longing for cooler temperatures and seasonal vegetables from the garden. Get a head start on growing in the fall and winter by hearing directly from Master Gardeners on the best time to plant cool season vegetables, and what grows well during cooler temperatures.

Attend this virtual how-to garden talk by the University of California Cooperative Extension Master Gardener program, and hosted by Department of Waste Resources. The virtual class will be live on Saturday, Sept. 25 from 9 a.m. to 10 a.m. via Zoom:

Meeting ID: 935 2539 1390
Passcode: 242827

The Riverside County Department of Waste Resources provides this free class to reduce waste and help preserve valuable space in the county sanitary landfill, and reduce the amount of chemical waste residents bring to the Household Hazardous Waste collection program for processing and disposal.

For more information, or to view the full 2021 Community Outreach schedule of free classes, visit rcwaste.org or contact the Riverside County Department of Waste Resources at (951) 486-3200.
