Applicant's Name:	Applicant Daytime Phone:	Applicant's Email Address:
Contractor's Company Name	Contractor's Daytime Phone:	Contractor's Email Address:
Estimated Start Date: (mm/yy)	Estimated Date of Completion: (mm/yy)	For RCDWR Only Approved by:

PERFORMANCE GOALS

This project will recycle, reuse, compost, and/or salvage a minimum of 65% by weight of the material and/or waste generated on site.

PAGE TWO INSTRUCTIONS

Please read the following requirements and initial each box to acknowledge that you agree to comply with these conditions.

	Waste prevention & recycling activities will be discussed at the beginning of each safety meeting for tract home, industrial or commercial projects. For single family construction projects, alterations or additions, the project applicant will ensure the project contractor is aware of the waste diversion program and the 65% diversion performance goal.
	The permit applicant shall 1) provide each NEW subcontractor with copies of completed Form B (Recycling Plan) and Form C (Reporting Form) and shall provide each subcontractor with a tour of the site's recycling areas or 2) for single family construction projects, building alterations, or room additions, or tenant improvements with no designated subcontractor(s) the applicant shall clearly designate recycling bins, or stockpiles for project recycling.
	During project construction, the project site shall have, at a minimum, two (2) bins: one for waste disposal and the other for the recycling of Construction and Demolition (C&D) materials. All recycling containers will be clearly labeled and lists of acceptable and unacceptable materials will be posted throughout the project site.
	Only the following are authorized to collect and transport the Project's waste material within Riverside County: 1. Self-haul; 2. Franchise Hauler for Project area (see page 2 for listing); and 3. Project/General Contractor associated with the Project.
	Form B - Recycling Plan must be approved by RCDWR prior to issuance of Building Permits.
	Form C - Reporting Form must be approved by RCDWR prior to final inspection.
	Form C - Reporting Form MUST be accompanied by legible letters and/or original receipts including certified weights, for all materials and/or waste recycled, reused, composted, salvaged, and/or landfilled.

Valuation Information (RCDWR Use Only)

SQUARE FEET: _____

VALUATION: \$ _____

Carefully consider all material types.

Materials	Expected Material Types	Waste Management Method (choose one of the following options: Recycle, Reuse, Compost, Salvage, Landfill)	Authorized Disposal Site or Diversion Facility	Comments
Asphalt	<input type="checkbox"/>			Applicant is required to identify a facility where construction and demolition waste is recycled, e.g., Perris MRF, Agua Mansa MRF, Desert Recycling
Brick/Masonry	<input type="checkbox"/>			
Cardboard	<input type="checkbox"/>			
Carpet/Carpet Pads	<input type="checkbox"/>			
Concrete	<input type="checkbox"/>			
Drywall/Gypsum Board	<input type="checkbox"/>			
Fixtures (doors, toilets, windows)	<input type="checkbox"/>			
Green Waste	<input type="checkbox"/>			
	<input type="checkbox"/>			
	<input type="checkbox"/>			
Wood	<input type="checkbox"/>			
Other - Explain	<input type="checkbox"/>			
Refuse/Trash	<input type="checkbox"/>			

Photos of reused materials are required for Form C - Reporting Form.

All materials are recyclable except Refuse/Trash.

Not a disposal site or diversion facility. WMI is the name of a waste hauler. If the applicant intends to contract with WMI and rent construction and demolition (C&D) recycling bins, it must be stated under the comments section.
